

NMN-Medical presents IST

Inflatable Surgical Tents for emergency operations in disaster areas (M.A.S.H)

- **A Norwegian partnership**
 - Nodin Aviation
 - Merlin Medtech
 - NorLense

Flawless collaboration

Inflatable Surgical Tents (IST)

We present a standard solution (IST) for use in disaster areas and conflict situations for emergency aid and preparedness.

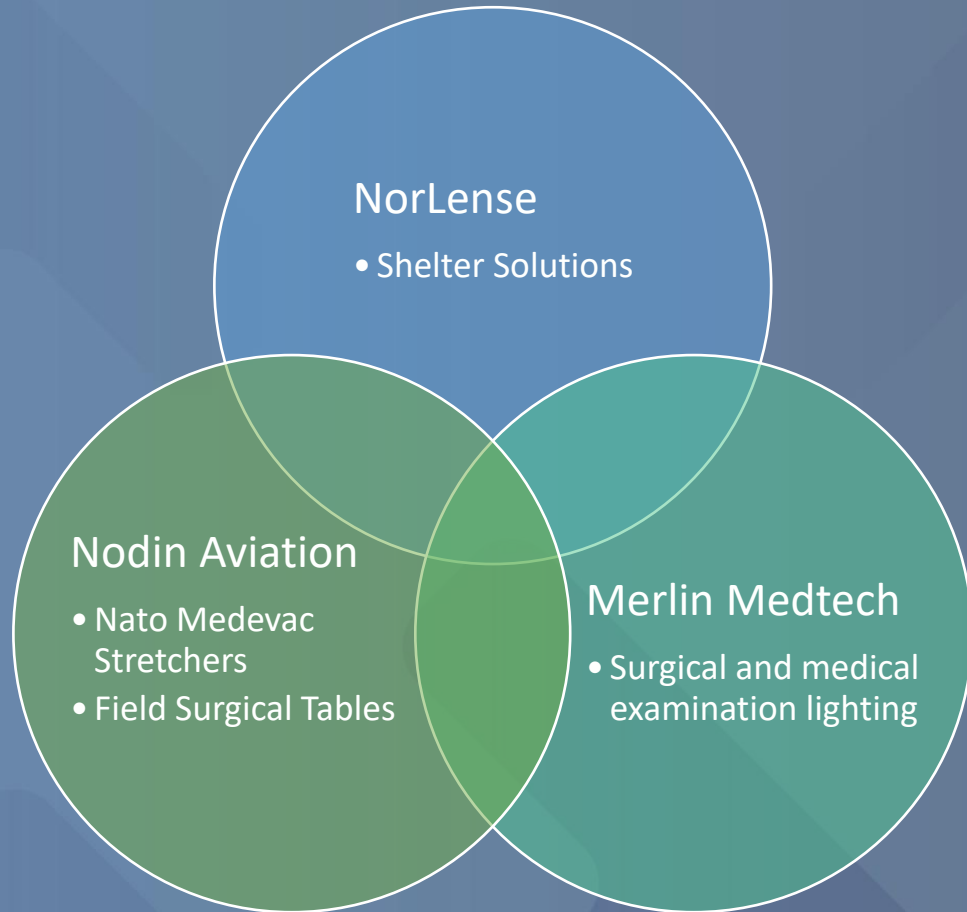

Our IST solution can be expanded significantly, with additional equipment from our trusted partners.

The final solution is adaptable to any given situation.

Our solutions can be purchased or rented.

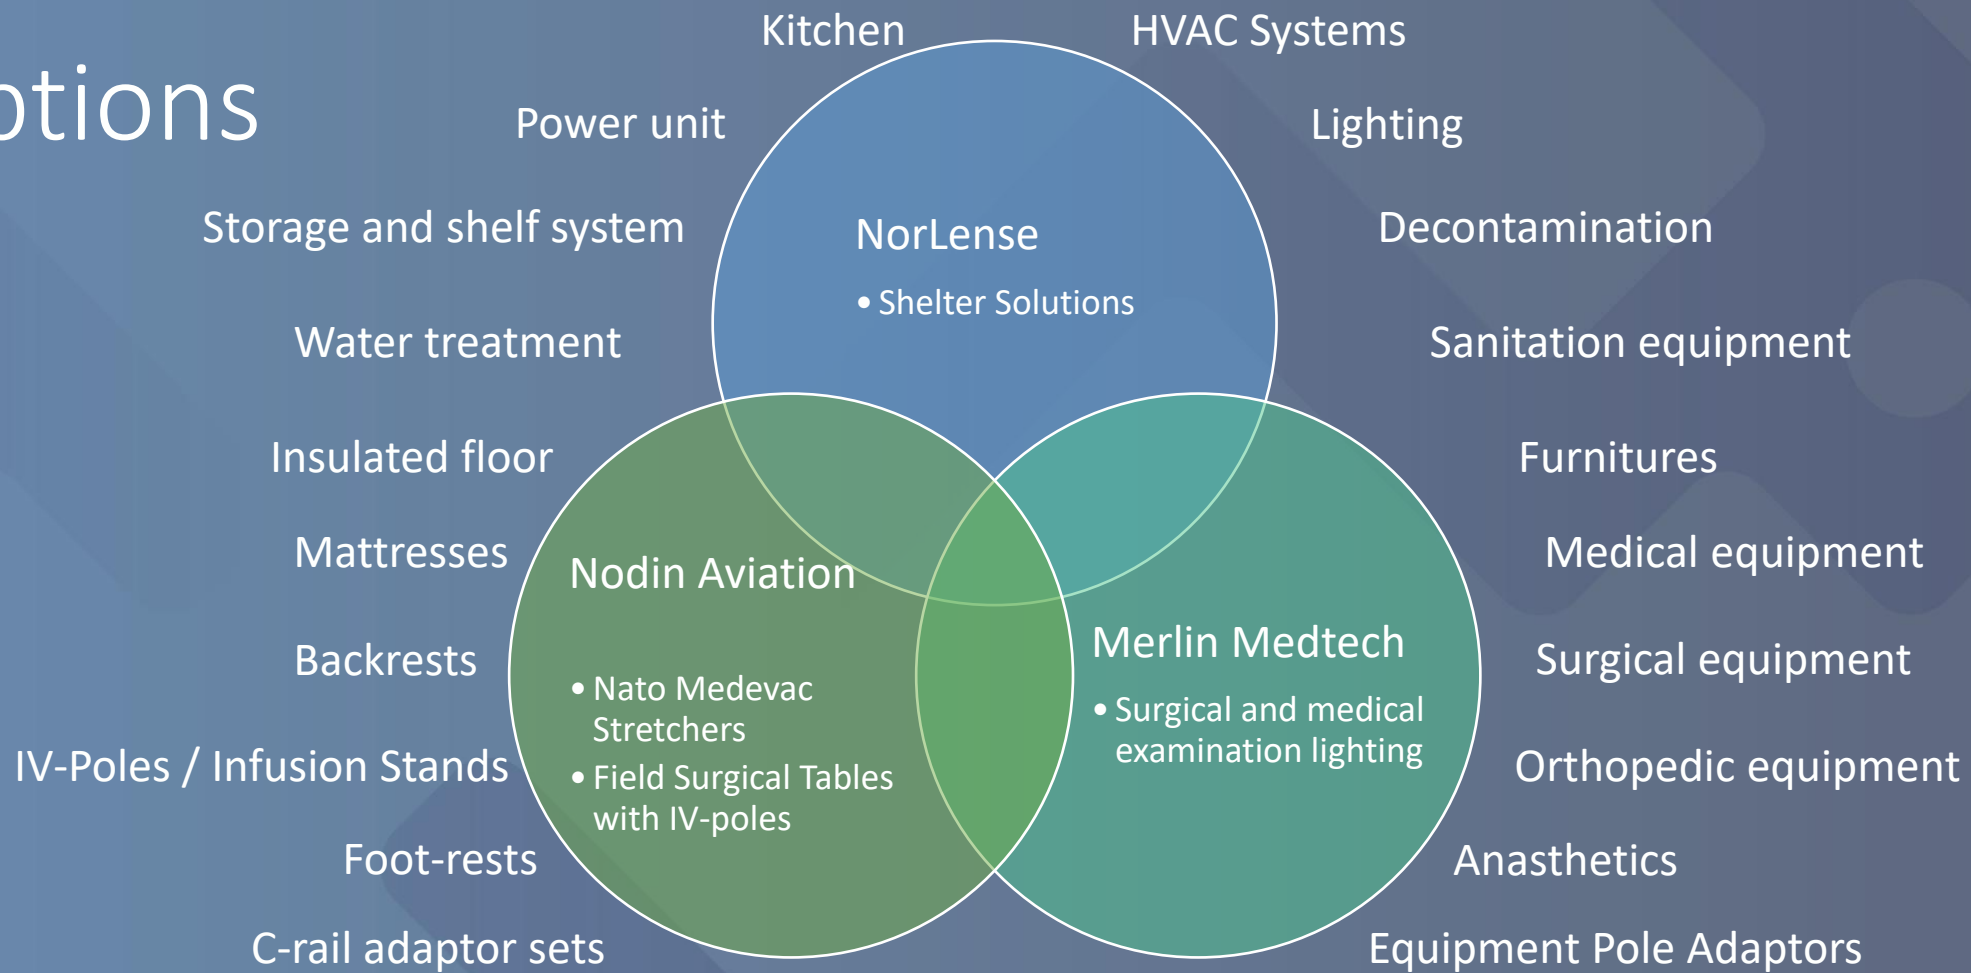

Standard Package

- Deployed, or as emergency response
- Maintenance services
- Packaged delivery on standby at a monthly subscription
 - 6-72 month rentals
 - Residual value
- Deployable from packed solution to operational in 35-60 minutes
