

## **EUROSATORY 2026: A RECORD-BREAKING EDITION**

Three months before opening its doors, Eurosatory 2026 is already fully booked, a sign of the scale and urgency of the current defence and security landscape. Bringing together states, armed forces, security services, manufacturers and innovators, Eurosatory continues to serve as a central forum where strategic priorities, industrial capabilities and emerging solutions converge. And as governments accelerate rearmament programmes and industries race to adapt to fast moving technologies, the world's leading defence and security exhibition is set for a landmark edition.

### **STRONG GROWTH**

Eurosatory 2026 is also seeing a sharp rise in stand bookings, with more than 2,100 individual exhibitors registered to date from 64 countries, 500 more than for the 2024 edition. The exhibition will feature 38 international pavilions and 15 institutional pavilions, reflecting the breadth and structured nature of the global defence and security ecosystem.

Countries with the largest representation include:

- Germany (199 exhibitors)
- United States (144)
- Italy (67)
- United Kingdom (65)

This year first timers to the exhibition include Chile, Vietnam, Malta, Uzbekistan and Liechtenstein.

Two-thirds of registered exhibitors were already present in 2024, underlining strong sector loyalty.

### **THE OPENING OF A NEW HALL**

The 2026 edition marks a milestone with the opening of Hall 4, bringing total exhibition space to more than 185,000 m<sup>2</sup>. All four halls are now fully booked.

Almost all of the technology clusters are represented:

- Drones and robotics
- Cybersecurity and information systems
- Optics and optronics
- CBRNe
- Simulation and training
- Engineering and manufacturing
- Infrastructure security
- Logistics support

### **A TECHNOLOGICAL OFFERING ALIGNED WITH CONTEMPORARY CHALLENGES**

Eurosatory 2026 will present solutions across the full land and air land spectrum, including:

- Drones (from MALE to FPV) and autonomous systems
- Counter missile and counter UAV capabilities
- Command, communications and cybersecurity systems
- Ground, aerial and maritime vehicles
- Weapons, munitions and personal protection
- Detection, simulation and logistics technologies
- Civil protection and crisis management solutions

#### **PRESS CONTACT**

[eurosatorypresse@rumeurpublique.fr](mailto:eurosatorypresse@rumeurpublique.fr)

Jérôme Saczewski - 06 09 93 03 44 - Mélina Tréhin - 06 61 46 57 18 - Robin Gorizian - 07 79 82 34 82

The Eurosatory Lab will be the event's innovation hub, bringing together some 60 international start ups from 14 countries, particularly in artificial intelligence, robotics, cybersecurity, advanced sensors and energy technologies.

#### ABOUT EUROSATORY:

Eurosatory is the global land and air benchmark event for Defence and Security (D&S). The show is organised by Coges Events, a subsidiary of GICAT (French Land Defence and Security Industry Association), and a member of CIDEF (French Defence Industries Council). The aim of Eurosatory is to contribute to supporting transformation on Defence and Security in view of the challenges the world faces today to respond to all types of crises. As a premium interface between all the members of the international community, every two years Eurosatory brings together more than 100,000 professionals working with D&S and managing crisis situations: businesses, governments, military staff, institutions and private bodies, and supranational organisations. The next edition of the show will be held from 15 to 19 June 2026 at Paris Nord Villepinte exhibition centre (France).

#### EUROSATORY 2024 IN FIGURES:

- 43,000 visitors from 150+ countries
- 2,100 exhibitors from 60+ countries
- 330 official delegations
- 38 international pavilions
- 635 journalists
- 450+ international speakers
- 120+ conferences and keynotes
