

PROVISIONAL CONFERENCES PROGRAMME

Monday 13 June 2022

	BALARD HALL 5A	ÉLYSÉE HALL 5B	BEAUVAU HALL 5B	ORSAY HALL 6	AGORA INNOVATION HALL 5A
					
2:00PM – 3:00PM	Foresight – French Army Staff Titan: the elaboration of the future air–land force system 	Cyber HEXATRUST			12:00PM – 12:30PM Awards ceremony AGORIZE Disruptive dual innovation for military and security forces
3:00PM – 4:00PM	RETEX – French Army Staff The GRIFFON vehicle in Saharan Strip		Public Safety European funding for Civil Security PCN CLUSTER 3		2:30PM – 3:00PM INAUGURAL KEYNOTE Emmanuel Chiva, Director of the Defense Innovation Agency
	RETEX – French Army Staff Operational information and communication systems (SIOC)				3:00PM – 5:00PM START-UP PITCHES
4:00PM – 5:00PM	Foresight – French Army Staff Long range fires and action in the depth: what vision for the future? 				

All conferences are in English except:

- Conferences marked by , only in French.
- Conferences marked by , in French with a simultaneous translation into English.

This is a non-exhaustive programme and likely to evolve.
The final programme will be communicated a few weeks before the exhibition.

PROVISIONAL CONFERENCES PROGRAMME

Tuesday 14 June 2022

	BALARD HALL 5A	ÉLYSÉE HALL 5B	BEAUVAU HALL 5B	ORSAY HALL 6	AGORA INNOVATION HALL 5A	EXHIBITOR PITCH CORNER HALL 6
						
10:00AM – 11:00AM	European Defence European Defence Fund – support for collaborative defence R&D European Commission – DG DEFIS	Geostrategy & Geopolitics Ukraine and the strategic role of Land Power: the right lessons IFRI	Public Safety Protection Civile – Helping Ukraine: a logistical challenge Protection Civile	Geostrategy & Geopolitics Export contracts and political risk insurance TOKIO MARINE HCC	10:00AM – 10:30AM KEYNOTE General (2S) Marc Watin–Augouard, International Cybersecurity Forum Founder 	10:00AM – VITEC Video – The Critical Equation
11:00AM – 12:00PM	Simulation Viking 22, a CAX multinational Exercise, using MSaaS Technologies PITCH TECHNOLOGIES	UAVs & Robotics Drones and robots tech challenges : autonomous use, swarms and drones/robots interactions DRONES4SEC	11:30AM Public Safety Horizon Europe Open calls on Perimeter protection of critical sites PCN CLUSTER 3	European Defence CaMo, a structuring partnership for both Belgian and French land components and procurement agencies	10:45AM – 11:30AM MASTER CLASS DEFENSE ANGELS Business Angels networks and the funding of critical French companies: a strategic tool?	10:30AM – RENK RENK mobility solutions – from engineering to testing
12:00PM – 1:00PM	Foresight – French Army Staff A renewed vision of low–layer surface–to–air Defence (including counter–UAV)  			Countertrade and Offset The implementation of a compensation process within a company ECCO OFFSET / ADIT 30 minutes		11:00AM – TEXELIS The future of mobility is now: How Texelis is applying Serval success to the next generation of electric armoured vehicle innovation
1:00PM – 2:00PM	Foresight – French Army Staff Building and integrate a robotic capability  				11:30AM – 12:00PM START–UP PITCHES	11:30AM – THALES Beyond vision – perception
2:00PM – 3:00PM	Military Health & Medicine Medical support of military operations in 2030 HIPS AGENCY	Intelligence Is OSINT a major stake for industry and intelligence world ? SYNOPIA		UAVs & Robotics UAV Systems GICAT	12:00PM – 12:30PM START–UP TROPHY OF THE DAY Public vote of the day before for the start–up of the day	2:00PM – SEDI-ATI  Deployable optical fiber for airborne drone
3:00PM – 4:00PM	CBRNe The EU CBRNe Defense Capabilities IB CONSULTANCY	Cyber Digital transformation for a future–ready defence MICROSOFT	Infrastructure protection Perimeter protection of critical sites or "ways and means to cross a barrier" AN2V	Funding D&S Finance and defense: how to coordinate NATO funds, EDF with financial institutions and VCs , to support European strategic sovereignty? 3AED–IHEDN	2:00PM – 5:00PM START–UP PITCHES	3:00PM – PRELIGENS AI applied to military intelligence: combat-proven use-cases
4:00PM – 5:00PM	RETEX – French Army Staff Tactical reconnaissance drone system RETEX – French Army Staff The fight against drones	Cyber Cyber in high intensity conflict FIC 2022	Security Forum Informational War: the international powers confrontation S&D MAGAZINE	UAVs & Robotics Robotics and high intensity on the battlefield SHARK ROBOTICS		3:30 PM – SYSNAV SYSNAV – First Responder
						4:00PM – PYROALLIANCE Pyrotechnics as a solution to meet the « Size, Weight and Power – Cost » challenge (SWAP-C)
						4:30PM – NEXTER A new dynamics of innovation

PROVISIONAL CONFERENCES PROGRAMME

Wednesday 15 June 2022

	BALARD HALL 5A	ÉLYSÉE HALL 5B	BEAUVAU HALL 5B	ORSAY HALL 6	AGORA INNOVATION HALL 5A	EXHIBITOR PITCH CORNER HALL 6
10:00AM – 11:00AM	CBRNe EU Civil Protection: Responding to CBRN Events IB CONSULTANCY	Maintenance, Repair, and Overhaul Land Operational Readiness and Maintenance in High-Intensity conflict CGI BUSINESS CONSULTING	Logistics How to ensure logistics in high density conflicts? AIR & COSMOS	Multi-domain combat AUSA	10:00AM – 10:30AM KEYNOTE Christophe Salomon (IGA), Executive Vice President, Thales – Land & Air Systems	10:00 – JOHN COCKERILL Cockerill i-X, the first-ever ground interceptor
11:00AM – 12:00PM	RETEX – French Army Staff The fight against explosive devices RETEX – French Army Staff Aerocombat in the Sahel–Saharan Strip	UAVs & Robotics Drones and robots use cases in defense and public safety DRONES4SEC	11:30AM Public Safety Horizon Europe Open calls on Access and flow of people control in peace and crisis times PCN CLUSTER 3	Funding Defence and Security Foreign Direct Investment Screening in M&A transactions around the world RELIANS	10:45AM – 11:30AM MASTER CLASS PREMIER CERCLE Protection of innovations Security – Defense	10:30AM – THALES Making collaborative combat a reality
12:00PM – 1:00PM				Countertrade and Offset The valuation of technology in an offset environment ECCO OFFSET / ADIT 30 minutes	11:30AM – 12:00PM START-UP PITCHES	11:00AM – ELECTRONIC COMMUNICATIONS OFFICE OF LATVIA Radiomonitoring software SKUDRA perfect tool for EW
1:00PM – 2:00PM	Foresight – French Army Staff An ambitious triptych: connectivity, C2 and collaborative combat				12:00PM – 12:30PM START-UP TROPHY OF THE DAY Public vote of the day before for the start-up of the day	11:30AM – NEXTER At the heart of the cyber performance of weapon systems
2:00PM – 3:00PM	RETEX – French Army Staff Logistics in operation RETEX – French Army Staff Coherence equipment in contact	Defence and Security Ethics Sustainability as a National Security Imperative MICROSOFT		European defence European space defence : reality or wish ? SYNOPIA	2:00PM – 3:00PM START-UP PITCHES	2:00PM – FISCHER CONNECTORS Situational awareness: a key element to improve agents' safety and team coordination
3:00PM – 4:00PM	European Defence European Defence Fund – support for collaborative defence R&D with focus on ground combat and air combat European Commission – DG DEFIS	Innovation Intellectual Property: competitive strategies and contracts in the Defense sector PREMIER CERCLE	Infrastructure protection Access and flow of people control in peace and crisis times AN2V	Countertrade and Offset Imposition of penalties in defence offset cases in India ECCO OFFSET / ADIT	3:00PM – 3:30PM KEYNOTE Colonel Sébastien de Peyret, Battle Lab Terre Director	2:30PM – TELEPLAN GLOBE JTAC Software Solutions – Combat Proven Interoperable Digital FIRES
4:00PM – 5:00PM	Military Helicopters Towards new European military helicopter programmes Académie de l’Air et de l’Espace	Defence and Security Ethics Climate change : which challenges for defense industry in Europe? 3AED-IHEDN	Security Forum Smart, safe & Green cities world tour S&D MAGAZINE	Cyber Data Governance SYNOPIA	3:00PM – 5:00PM START-UP PITCHES	3:00PM – ARQUUS Back to peer fighting: what it means for Light Armoured Vehicles
						3:30 – THALES Protecting people, property and activities from potentially dangerous drones

PROVISIONAL CONFERENCES PROGRAMME

Thursday 16 June 2022

	BALARD HALL 5A	ÉLYSÉE HALL 5B	BEAUVAU HALL 5B	ORSAY HALL 6	AGORA INNOVATION HALL 5A	EXHIBITOR PITCH CORNER HALL 6
10:00AM – 11:00AM	Fight against on-fly UAV The laser weapon: use and constraints CILAS	European defence EDTIB : how to strengthen the resilience of European land defence industry in light of the current return to high-intensity conflict?" IRIS	Military Health & medicine The challenge of medical evacuations during high-intensity conflicts. AIR & COSMOS	Military Helicopters NGRC, vertical lift innovations to enhance operational capabilities NATO – NSPA	10:00AM – 10:30AM KEYNOTE	10:30AM – THALES
11:00AM – 12:00PM	NRBCe Capteurs NRBCe: Systèmes de détection IB CONSULTANCY	Cyber Digital Sovereignty: Essay for a reconquest ANSSI, AGORA41 & Cercle de la donnée	11:30AM Public Safety Horizon Europe Open calls on the new uses of Artificial Intelligence PCN CLUSTER 3	Funding D&S Funding of Defense industry ARTCHER	10:45AM – 11:30AM MASTER CLASS GAI4A GAI4A, a UFO in an innovation sky. But is it the only one on the international stage?	11:00AM – TECHWAY Electronics solutions: Raise up your embedded systems with innovative COTS products
12:00PM – 1:00PM	Foresight – French Army Staff Future airmobile capability			Countertrade and Offset The valuation of technology in an offset environment ECCO OFFSET / ADIT 30 minutes	11:30AM – 12:00PM START-UP PITCHES	11:30AM – ALEPH-NETWORK The Internet as a source of information for Cyber Threat Intelligence
2:00PM – 3:00PM	Military Helicopters French military helicopters, an excellence in the field of aerocombat GICAT	Maintenance, Repair, and Overhaul Future Industry - Additive Manufacturing Production and Maintenance French Army Staff, GICAT & DGA		High intensity Command and control in high intensity combat thanks to laser communication AIRBUS D&S	12:00PM – 12:30PM START-UP TROPHY OF THE DAY Public vote of the day before for the start-up of the day	
3:00PM – 4:00PM	European Defence European Defence Fund – support for collaborative defence R&D with focus on disruptive technologies and cyber category European Commission DG DEFIS	Public Safety Fire fighting Foams: regulations, challenges and solutions FFMI	Infrastructure protection The new uses of Artificial Intelligence in audio and video analytics AN2V	Geostrategy & Geopolitics The war in Ukraine and the changing face of Defense geoeconomics in the post-Soviet region EASTERN CIRCLE		3:00PM – THALES
4:00PM – 5:00PM		UAVs & Robotics Military robotics on the field: either now or later? GICAT	Security Forum Smart, Safe & Sustainable Big events? S&D MAGAZINE			Scrolling constellations and their military usage
