

PROVISIONAL CONFERENCES PROGRAMME

Monday 13 June 2022

	BALARD HALL 5A	ÉLYSÉE HALL 5B	BEAUVAU HALL 5B	ORSAY HALL 6	AGORA INNOVATION HALL 5A	EXHIBITOR PITCH CORNER HALL 6
						
12:30PM - 1:00PM	Simulation Place and role of modeling and simulation into future commitments preparation ? "Overview of the Army's operational simulation" AFSIM 				12:00PM – 12:30PM Awards ceremony AGORIZE Disruptive dual innovation for military and security forces	2:00 – GRADEL Robotic Heavy Duty Sustainable Lightweight 3D-Structures with GRAM
2:00PM - 3:00PM	Foresight – French Army Staff   Titan: the elaboration of the future air-land force system	Cyber European digital sovereignty: a state of emergency HEXATRUST			2:30PM – 3:00PM INAUGURAL KEYNOTE Emmanuel Chiva, Director of the Defense Innovation Agency	2:30PM – BLACKNED TacticalCore by BLACKNED: A key enabler for digitization of armed forces at the tactical edge
3:00PM - 4:00PM	RETEX – French Army Staff The GRIFFON vehicle in Saharan Strip		Public Safety European funding for Civil Security PCN CLUSTER 3		3:15PM – 5:00PM START-UP PITCHES	3:00PM – MODEST TREE Leveraging Data and Digital Twins in Field Service
	RETEX – French Army Staff Operational information and communication systems (SIOC)					3:30PM – ATHONET 4G/5G Tactical Networks for forces
4:00PM - 5:00PM	Foresight – French Army Staff   Long range fires and action in the depth: what vision for the future?					4:00PM – HUBER+SUHNER Turnkey electrical and optical connectivity solutions for ground, sea and air
						4:30PM – NEGER RF Spectrum Intelligence anti-drone countermeasures, jamming and anti-jamming in dense urban areas

All conferences are in English except:

- Conferences marked by , only in French.
- Conferences marked by  , in French with a simultaneous translation into English.

**This is a non-exhaustive programme and likely to evolve.
The final programme will be communicated a few weeks before the exhibition.**

PROVISIONAL CONFERENCES PROGRAMME

Tuesday 14 June 2022

	BALARD HALL 5A	ÉLYSÉE HALL 5B	BEAUVAU HALL 5B	ORSAY HALL 6	AGORA INNOVATION HALL 5A	EXHIBITOR PITCH CORNER HALL 6
						
10:00AM – 11:00AM	European Defence European Defence Fund – support for collaborative defence R&D European Commission – DG DEFIS	Geostrategy & Geopolitics Ukraine and the strategic role of Land Power: the right lessons IFRI	Public Safety Protection Civile – Helping Ukraine: a logistical challenge Protection Civile	Geostrategy & Geopolitics Export contracts and political risk insurance TOKIO MARINE HCC	10:00AM – 10:30AM KEYNOTE General (2S) Marc Watin–Augouard, International Cybersecurity Forum Founder 	10:00AM – VITEC Shaping the future of ISR FMV 10:30AM – RENK RENK mobility solutions – from engineering to testing 11:00AM – TEXELIS The future of mobility is now: How Texelis is applying Serval success to the next generation of electric armoured vehicle innovation 11:30AM – THALES Beyond vision – perception 2:00PM – SEDI-ATI  Deployable optical fiber for airborne drone 2:30PM – THALES Scrolling constellations and their military usage 3:00PM – PRELIGENS AI applied to military intelligence: combat-proven use-cases 3:30 PM – SYSNAV SYSNAV – First Responder 4:00PM – PYROALLIANCE Pyrotechnics as a solution to meet the « Size, Weight and Power – Cost » challenge (SWAP-C) 4:30PM – NEXTER A new dynamics of innovation
11:00AM – 12:00PM	Simulation Viking 22, a CAX multinational Exercise, using MSaaS Technologies PITCH TECHNOLOGIES	UAVs & Robotics Drones and robots tech challenges : cybersecurity, autonomous UAS/UGV/UMV and multi-swarms DRONES4SEC	11:30AM Public Safety Horizon Europe Open calls on Perimeter protection of critical sites PCN CLUSTER 3	European Defence CaMo, a structuring partnership for both Belgian and French land components and procurement agencies	10:45AM – 11:30AM MASTER CLASS DEFENSE ANGELS Business Angels networks and the funding of critical French companies: a strategic tool?	
12:00PM – 1:00PM	Foresight – French Army Staff A renewed vision of low-layer surface-to-air Defence (including counter-UAV)  			Countertrade and Offset The implementation of a compensation process within a company ECCO OFFSET / ADIT 30 minutes	12:00PM – 12:30PM START-UP TROPHY OF THE DAY Public vote of the day before for the start-up of the day	
1:00PM – 2:00PM	Foresight – French Army Staff Building and integrate a robotic capability  				2:00PM – 5:00PM START-UP PITCHES	
2:00PM – 3:00PM	Military Health & Medicine Medical support of military operations in 2030 HIPS AGENCY	Intelligence Is OSINT a major stake for industry and intelligence world ? SYNOPIA	Public Safety The future of civil Defence policies in Europe HCFRN	UAVs & Robotics UAV Systems GICAT		
3:00PM – 4:00PM	CBRNe The EU CBRNe Defense Capabilities IB CONSULTANCY	Innovation Digital transformation for a future-ready defence ecosystem MICROSOFT	Infrastructure protection Perimeter protection of critical sites or "ways and means to cross a barrier" AN2V	Funding D&S Finance and defense: how to coordinate NATO funds, EDF with financial institutions and VCs , to support European strategic sovereignty? 3AED-IHEDN		
4:00PM – 5:00PM	RETEX – French Army Staff Tactical reconnaissance drone system RETEX – French Army Staff The fight against drones	Cyber What is the role of cyber operations in the Multi-Domain approach? FIC 2022	Security Forum Informational War: the international powers confrontation S&D MAGAZINE	Geostrategy & Geopolitics India - France Defence Industry Cooperation FICCI		

PROVISIONAL CONFERENCES PROGRAMME

Wednesday 15 June 2022

	BALARD HALL 5A	ÉLYSÉE HALL 5B	BEAUVAU HALL 5B	ORSAY HALL 6	AGORA INNOVATION HALL 5A	EXHIBITOR PITCH CORNER HALL 6
10:00AM – 11:00AM	CBRNe EU Civil Protection: Responding to CBRN Events IB CONSULTANCY	Maintenance, Repair, and Overhaul Land Operational Readiness and Maintenance in High-Intensity conflict  CGI BUSINESS CONSULTING	Military Health & medicine The challenge of medical evacuations during high-intensity conflicts AIR & COSMOS	High Intensty Multidomain Operations: Evolution in the European Theater AUSA	10:00AM – 10:30AM KEYNOTE Christophe Salomon (IGA), Executive Vice President, Thales – Land & Air Systems	10:00 – JOHN COCKERILL Cockerill i-X, the first-ever ground interceptor
11:00AM – 12:00PM	RETEX – French Army Staff The fight against explosive devices RETEX – French Army Staff Aerocombat in the Sahel–Saharan Strip	UAVs & Robotics Drones and robots use cases in defense and public safety DRONES4SEC	11:30AM Public Safety Horizon Europe Open calls on Access and flow of people control in peace and crisis times PCN CLUSTER 3	Funding Defence and Security Protection of strategic assets in M&A transactions RELIANS	10:45AM – 11:30AM MASTER CLASS PREMIER CERCLE Protection of innovations Security – Defense	10:30AM – THALES  SCORPION: towards the digital twin
12:00PM – 1:00PM				Countertrade and Offset The valuation of technology in an offset environment ECCO OFFSET / ADIT 30 minutes	11:30AM – 12:00PM KEYNOTE Mathieu Jeandron - Head of Solution Architecture - AWS	11:00AM – ELECTRONIC COMMUNICATIONS OFFICE OF LATVIA Radiomonitoring software SKUDRA perfect tool for EW
1:00PM – 2:00PM	Foresight – French Army Staff  An ambitious triptych: connectivity, C2 and collaborative combat					11:30AM – NEXTER  At the heart of the cyber performance of weapon systems
2:00PM – 3:00PM	RETEX – French Army Staff Logistics in operation RETEX – French Army Staff Coherence equipment in contact	Defence, Security and Sustainable development Sustainability as a National Security Imperative MICROSOFT	Geostrategy & Geopolitics ISO 31030 at the heart of the challenges connected to the international mobility RISK&CO	European defence European space defence : reality or wish ? SYNOPIA	12:00PM – 12:30PM START-UP TROPHY OF THE DAY Public vote of the day before for the start-up of the day	2:00PM – FISCHER CONNECTORS Situational awareness: a key element to improve agents' safety and team coordination
3:00PM – 4:00PM	European Defence European Defence Fund – support for collaborative defence R&D with focus on ground combat and air combat European Commission – DG DEFIS	Innovation Intellectual Property: competitive strategies and contracts in the Defense sector PREMIER CERCLE	Infrastructure protection Access and flow of people control in peace and crisis times AN2V	Countertrade and Offset Imposition of penalties in defence offset cases in India ECCO OFFSET / ADIT	2:00PM – 3:00PM START-UP PITCHES	2:30PM – TELEPLAN GLOBE JTAC Software Solutions – Combat Proven Interoperable Digital FIRES
4:00PM – 5:00PM	Military Helicopters Towards new European military helicopter programmes Académie de l’Air et de l’Espace	Defence, Security and Sustainable development Climate change : which challenges for defense industry in Europe? 3AED-IHEDN	Security Forum Smart, safe & Green cities world tour S&D MAGAZINE	Cyber Data Governance SYNOPIA	3:00PM – 3:30PM KEYNOTE Colonel Sébastien de Peyret, Battle Lab Terre Director	3:30PM – THALES Protecting people, property and activities from potentially dangerous drones
					3:35PM – 5:00PM START-UP PITCHES	4:00PM – MKU Delivering confidence to Modern Soldier
						4:30PM – ADDUP Additive manufacturing at the service of the Defense industry

PROVISIONAL CONFERENCES PROGRAMME

Thursday 16 June 2022

	BALARD HALL 5A	ÉLYSÉE HALL 5B	BEAUVAU HALL 5B	ORSAY HALL 6	AGORA INNOVATION HALL 5A	EXHIBITOR PITCH CORNER HALL 6
10:00AM – 11:00AM	Fight against on-fly UAV The laser weapon, a game changer against drones CILAS	Geostrategy & Geopolitics EDTIB : how to strengthen the resilience of European land defence industry in light of the current return to high-intensity conflict?" IRIS	Logistics How to ensure logistics in high density conflicts? AIR & COSMOS	Military Helicopters NGRC, vertical lift innovations to enhance operational capabilities NATO – NSPA	10:00AM – 10:30AM KEYNOTE Sten ALLIK, CD&E Director, Milrem Robotics	10:00AM – JERLAURE Local datacenters: a challenge for security too 10:30AM – THALES Making collaborative combat a reality 11:00AM – TECHWAY Electronics solutions: Raise up your embedded systems with innovative COTS products
11:00AM – 12:00PM	NRBCe CBRNe Sensors: Detection Systems IB CONSULTANCY	Cyber Digital Sovereignty: Essay for a reconquest ANSSI, AGORA41 & Cercle de la donnée	11:30AM Public Safety Horizon Europe Open calls on the new uses of Artificial Intelligence PCN CLUSTER 3	Funding D&S Funding of Defense industry ARTCHER	10:45AM – 11:30AM MASTER CLASS GAI4A GAI4A, a UFO in an innovation sky. But is it the only one on the international stage?	11:30AM – ALEPH-NETWORK The Internet as a source of information for Cyber Threat Intelligence 12:30PM – ARQUUS Light Armoured Vehicles in renewed peer-to-peer combats
12:00PM – 1:00PM	Foresight – French Army Staff Future airmobile capability			Countertrade and Offset Offsets- A worldwide panorama ECCO OFFSET / ADIT 30 minutes	12:00PM – 12:30PM START-UP TROPHY OF THE DAY Public vote of the day before for the start-up of the day	2:00PM – SPHEREA SPHEREA, a french mid cap committed alongside Defense 2:30PM BACHMANN RDS Bachmann RDS: because innovation is key
2:00PM – 3:00PM	Military Helicopters French military helicopters, an excellence in the field of aerocombat GICAT	Maintenance, Repair, and Overhaul Future Industry - Additive Manufacturing Production and Maintenance French Army Staff , GICAT & DGA		High intensity Command and control in high intensity combat thanks to laser communication AIRBUS D&S	2:00PM – 5:00PM START-UP PITCHES	3:00PM – THALES Opportunities to complement military systems with 5G 3:30PM – AIRBUS AIRBUS HELICOPTERS - The unique helicopters range matching the governmental requirements for modern warfare and public services
3:00PM – 4:00PM	European Defence European Defence Fund – support for collaborative defence R&D with focus on disruptive technologies and cyber category European Commission DG DEFIS	Public Safety Fire fighting Foams: regulations, challenges and solutions FFMI	Infrastructure protection The new uses of Artificial Intelligence in audio and video analytics AN2V	Geostrategy & Geopolitics The war in Ukraine and the changing face of Defense geoeconomics in the post-Soviet region EASTERN CIRCLE		4:00PM – GUARDIARIS Innovative Laserless Training Solution SAMT and Revolutionary VSHORAD Tactical Approach BANS
4:00PM – 5:00PM		UAVs & Robotics Military robotics on the field: either now or later? NEXTER	Security Forum Smart, Safe & Sustainable Big events? S&D MAGAZINE	Defence, Security and Sustainable development Air, Sea, Land : the French defense industry answer to energetic transition ARQUUS		4:30PM – CENSUS The role of Oday vulnerabilities in the development of defense systems

PROVISIONAL CONFERENCES PROGRAMME
Friday 17 June 2022

BALARD HALL 5A

ÉLYSÉE HALL 5B

BEAUVAU HALL 5B
