

Join the CBRNe Community:

experts, industry leaders and end-users to discover the world of Chemical, Biological, Radiological, Nuclear and Explosive defence:

- **Daily Live Civil-Military CBRNe Demonstrations** by end-users
- **3 CBRNe Workshops**
- Immersion in the **NCT PRO Experience** for end-users

Live: NCT PRO Experience

The NCT CBRNe Pavillion hosts teams of CBRNe & EOD end-users to experience first-hand CBRNe response scenarios with the use of simulants, PPE and detectors provided by the exhibiting companies.

- Benefits:**
- Experience & Evaluate CBRNe Equipment
 - Get real-life training with CBRNe Simulants

Are you a CBRNe Operator?
JOIN the NCT PRO Experience by contacting to schedule your PRO Experience

**Eurosatory,
the world N°1 land and
airland defence and security
exhibition, partners with NCT,
the n°1 CBRNe, C-IED and EOD
show in the world**

4 reasons to visit the NCT CBRNe Pavilion

EXPERTISE

Learn about CBRNe by watching the live demos showcasing capabilities of civil and military first responders; join the workshops with expert presentations and peak at the industry's novel solutions

NEW TECHNOLOGIES

See the latest technologies countering CBRNe threats in action during the Live Demonstrations, the NCT PRO Experiences & at the booth demonstrations

NETWORK

Connect with national, european & international civil and military CBRNe stakeholders, industry providers and scientists in one place

EXPERIENCE

Be the operator & wear a CBRNe suit in the NCT PRO Experiences trying out all the different equipment countering the threats

**Join the CBRNe Community if you are in the
field or if you want to find out more!**
